

(e) *Partially exclusive license* means (1) an exclusive license where the exclusive right granted is limited to making or using or selling the invention, or is limited to specified fields of use or use in specified geographic locations; or (2) a license where the number of licenses under the particular invention is limited.

(f) *Person* means any individual, partnership, corporation, association, or institution, or other entity.

(g) *Predecessor* means the Energy Research and Development Administration, the Atomic Energy Commission, and any of the Government entities or parts thereof whose functions were transferred to the Department of Energy pursuant to title III of the Department of Energy Organization Act.

(h) *Responsible applicant* means an applicant who, in the discretion of the Department, has the intention, plans, and ability expeditiously to bring the invention to the point of practical or commercial application.

(i) *Secretary* means the Secretary of Energy or the delegate of the Secretary of Energy.

(j) *To the point of practical or commercial application* means to manufacture in the case of composition or product, to practice in the case of a process, or to operate in the case of a machine, under such conditions as to establish that the invention is being worked and that its benefits are reasonably accessible to the public.

(k) *United States and the general public* means the United States Government, United States citizens, and United States organizations.

(l) *United States Organization* means any partnership, corporation, association, or institution where 75 percent or more of the voting interest is owned by United States citizens.

#### § 781.4 Communications.

All communications concerning the regulations in this part, including applications for licenses, should be addressed or delivered to the General Counsel, Attention: Assistant General Counsel for Patents, U.S. Department of Energy, Washington, DC 20545.

#### TYPES OF LICENSES AND CONDITIONS FOR LICENSING

##### § 781.51 Nonexclusive licenses.

(a) *Availability of licenses.* Except as provided in § 781.52, DOE inventions will be made available for the grant of nonexclusive, revocable licenses to responsible applicants. However, when in the best interests of the United States and the general public, licenses may be restricted to manufacture in the United States. Factors which the Department will consider in so restricting a license include, but are not limited to, the following:

- (1) The nature of the invention;
- (2) The effect of the license upon the policies of the United States Government;
- (3) The effect of the license upon domestic and international commerce and competition;
- (4) The effect of the license upon the balance of payments of the United States; and
- (5) The effect of the license upon the overall posture of the United States in world markets.

(b) *Terms of grant.* Nonexclusive licenses shall contain such terms and conditions as the Department may determine appropriate for the protection of the interests of the United States and the general public, including but not limited to the following:

- (1) The duration of the license will be negotiated and may be extended upon application therefor, provided the licensee complies with all the terms of the license and shows that substantial utilization has been, or within a reasonable time will be, achieved.

(2) The license shall require the licensee to bring the invention to the point of practical or commercial application in the geographic area of the license, within a period of time specified in the license or such period as may be extended by the Department, upon request in writing to the General Counsel, for good cause shown. The license shall further require the licensee to continue to make the benefits of the invention reasonably accessible in the geographic area of the license.

- (3) The license may be granted for all or less than all fields of use of the invention and in any one or all of the
